The Day Foundation

Legacy of Jack, Mary & Rosabella Day

Since the last Parish AGM, the Day Foundation has enjoyed a steady year, punctuated by a number of residents and friends leaving us, principally at the end of their lives but with a couple moving into nursing care. Those leaving, or their families, have all spoken of the exceptional care shown to them or to their relative by Claire. Our grounds and woodland provide a wonderful outside space due to the excellent contributions from our gardeners, Arek and Keith and this results in the community generated and as envisaged by the Day Family in setting up their Foundation.

The Day Foundation is funded by contributions from those who live at Mary Day Close and in the other houses in the High Street which are available to younger people in the village and surrounding area, together with other generous contributions from local benefactors who applaud the wonderful example shown by Jack, Mary and Rosabella Day.
