** Page counts are not recorded in real time. Printed pages are automatically recorded about once per day and reflected in your Print History on the date they were printed provided that the printer is connected to the Internet via WiFi or Ethernet. If pages are printed when the printer is not connected to the Internet (offline), those pages will be recorded on the date the printer comes back online. Pages printed without using Instant Ink cartridges are not recorded.
 *** You have **additional charges** that will appear in the next billing cycle as your printer is currently offline.
 **** You have charges from a previous billing cycle because your printer was offline.
